

Career Questionnaire

List three careers in the medical field that might interest you.

- 1.
- 2.
- 3.

1. What do you need from a job in order to feel fulfilled?

2. Adjectives that describe your ideal job would include

3. How important is a high salary to you? What do you expect to make annually?

4. How many years are you planning to invest in your education? How important is it that you finish your education quickly?

5. How are you planning to pay for your education?

6. Are you willing to learn, and work at, an entry level job in health care if it would help pay for a college degree.

7. Do you prefer to work with sick patients, more healthy patients, or in a structured environment with other professionals? Why?

8. Would you prefer a job with a routine set of daily tasks or a lot of variety? Why?

9. Are you willing to work evenings, nights, weekends and/or holidays? Why or why not?

10. Do you mind getting your hands dirty? Would you rather maintain a clean and professional appearance, or are you willing to get "mussed up" if it helps a patient?

Application - Choose one of your interest careers to research and compare to each of the questions on this worksheet. Is the career a good fit for your personality? Be prepared to share your career findings with the class. Be sure to identify your sources.
