

Health Occupations Work Experience Application

1. Why do you want to participate in work site observations within the health care field? What do you hope to learn/accomplish?
2. Describe some of your personal qualities and/or past experiences that make you a good candidate for this experience.
3. Which areas of the health care profession are you most interested in observing?
4. Do you have any connections regarding placement sites? If so, please list.
5. Many students have at least 1 placement they don't enjoy. How do you plan to handle a "boring" work site placement?
6. What other commitments/activities do you have that might conflict with after school job shadows?

Student behavior has a HUGE impact on our school's reputation and the very future of our program. Consider each factor listed below. Are there any that have been, or may be, a problem for you? If so, identify what you will do to resolve the problem(s).

Transportation Issues –

Tardiness –

Poor Attendance –

Incomplete/Late Paperwork –

Disrespectful Manners/Behavior –

Poor Communication Skills –

Other –
